| v. | : | Mag. No. 19-1582-2 (DEA) |
| | : | |
| JOHANNA R. HERRERA | : | ORDER FOR A CONTINUANCE |

This matter having come before the Court on the joint application of Craig Carpenito, United States Attorney for the District of New Jersey (by Elisa T. Wiygul, Assistant United States Attorney), and defendant Johanna R. Herrera (by Scott A. Krasny, Esq.), for an order granting a continuance of the proceedings in the above-captioned matter from the date this Order is signed through March 31, 2020 to permit defense counsel the reasonable time necessary for effective preparation in this matter and to allow the parties to conduct plea negotiations and attempt to finalize a plea agreement; and the defendant being aware that she has the right to have the matter submitted to a grand jury within 30 days of the date of her arrest pursuant to Title 18, United States Code, Section 3161(b); and one prior continuance having been entered; and the defendant, through her attorney, having consented to the continuance; and for good and sufficient cause shown,

IT IS THE FINDING OF THIS COURT that this action should be continued for the following reasons:

(1) The parties have entered into plea negotiations, which may render any grand jury proceedings and any subsequent trial of this matter unnecessary;

(2) The defendant has consented to the aforementioned continuance;
(3) The grant of a continuance will likely conserve judicial resources; and
(4) Pursuant to Title 18, United States Code, Section 3161(h)(7), the ends of justice served by granting the continuance outweigh the best interests of the public and the defendant in a speedy trial.

WHEREFORE, it is on this 27th day of January, 2020;

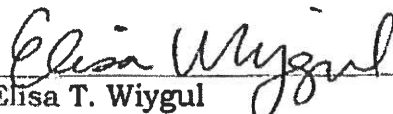

ORDERED that this action be, and it hereby is, continued from the date this Order is signed through March 31, 2020; and it is further

ORDERED that the period from the date this Order is signed through March 31, 2020 shall be excludable in computing time under the Speedy Trial Act of 1974.

HON. DOUGLAS E. ARPERT
United States Magistrate Judge
